County Clerk Records Retention Schedule

Dear Reader:

The following document was created from the CTAS electronic library known as e-Li. This online library is maintained daily by CTAS staff and seeks to represent the most current information regarding issues relative to Tennessee county government.

We hope this information will be useful to you; reference to it will assist you with many of the questions that will arise in your tenure with county government. However, the *Tennessee Code Annotated* and other relevant laws or regulations should always be consulted before any action is taken based upon the contents of this document.

Please feel free to contact us if you have questions or comments regarding this information or any other e-Li material.

Sincerely,

The University of Tennessee

County Clerk Records Retention Schedule

Reference Number: CTAS-2050

County Clerk Records. The records included in this schedule are only those specific to the office of the county clerk. Records that may be kept in the same format by several county offices (such as employment records, purchasing records, etc.) will be found listed under topical retention schedules in this manual. As various types of taxes and registers have come and gone over the decades and as the duties of the county clerk changed, many functions and records of this office in particular have become obsolete. Included in this table is a listing of “obsolete” records. Your office should no longer be generating these records. They are still included in the disposition schedule so that anyone discovering those materials in older records of the office will know how to deal with them. As a repository of many basic county records, the office of the county clerk maintains a large number of records that have historical significance and must be kept permanently. When using this table, keep in mind that to a certain extent, the records kept by county offices vary from county to county in either the format of record kept, the name given to the record, or the frequency of its occurrence. The fact that a certain record is listed in this schedule does not necessarily indicate that you should have it in your office. It may be a format for record-keeping that was never utilized in your county, or you may keep the record under a different name. If you have records in your office that are not listed in this schedule by name, check the descriptions of the records to see if we may have called it by a different term. If you still cannot locate any entry relative to the record, contact us at the County Technical Assistance Service for guidance in determining the proper disposition of the record and so that we can make note of that record’s existence to include it in future revisions of this manual.
