Minimum Service Levels

Dear Reader:

The following document was created from the CTAS electronic library known as e-Li. This online library is maintained daily by CTAS staff and seeks to represent the most current information regarding issues relative to Tennessee county government.

We hope this information will be useful to you; reference to it will assist you with many of the questions that will arise in your tenure with county government. However, the *Tennessee Code Annotated* and other relevant laws or regulations should always be consulted before any action is taken based upon the contents of this document.

Please feel free to contact us if you have questions or comments regarding this information or any other e-Li material.

Sincerely,

The University of Tennessee
County Technical Assistance Service
226 Capitol Blvd. Suite 400

Minimum Service Levels

Reference Number: CTAS-534

Each county must see that there is at least one solid waste collection and disposal system for the needs of county residents; at a minimum there must be one or more convenience centers, unless a higher level of service, such as household garbage pickup, is provided. The service is to be coordinated with those available from municipalities within the county and may be supplied directly by the county, by contract, or through a solid waste authority. The convenience centers must also comply with regulations developed by the Department of Environment and Conservation. T.C.A. § 68-211-851.
