## Solid Waste Authority

---

Dear Reader:

The following document was created from the CTAS electronic library known as e-Li. This online library is maintained daily by CTAS staff and seeks to represent the most current information regarding issues relative to Tennessee county government.

We hope this information will be useful to you; reference to it will assist you with many of the questions that will arise in your tenure with county government. However, the *Tennessee Code Annotated* and other relevant laws or regulations should always be consulted before any action is taken based upon the contents of this document.

Please feel free to contact us if you have questions or comments regarding this information or any other e-Li material.

Sincerely,

The University of Tennessee  
County Technical Assistance Service

## Solid Waste Authority

**Reference Number:** CTAS-519

A county or any of the counties in a municipal solid waste region may decide to form a solid waste authority to operate all solid waste systems within the region. (See the Solid Waste Authority Act in T.C.A. §§ 68-211-901 through 68-211-925.) A municipality with most of its territory in the county creating the authority may participate. T.C.A. § 68-211-903. Similarly, the authority can be dissolved by agreement of its participating counties and cities. The board of directors may be composed of the same members as the region's solid waste board, but this is not required. The method of selection, officers required, terms of office, and vacancy procedures are described in T.C.A. §§ 68-211-904, 68-211-905.

The advantage of using a solid waste authority to oversee the region's waste management lies in the authority's broad statutory powers. The solid waste authority is a separate legal entity that may issue bonds, incur debts, enter into contracts, and exercise the power of eminent domain. With the concurrence of the counties and municipalities participating in the solid waste authority, it may exercise exclusive control over the publicly owned solid waste systems within its boundaries. T.C.A. § 68-211-906.
