## Storage and Disposition of Records

---

Dear Reader:

The following document was created from the CTAS electronic library known as e-Li. This online library is maintained daily by CTAS staff and seeks to represent the most current information regarding issues relative to Tennessee county government.

We hope this information will be useful to you; reference to it will assist you with many of the questions that will arise in your tenure with county government. However, the *Tennessee Code Annotated* and other relevant laws or regulations should always be consulted before any action is taken based upon the contents of this document.

Please feel free to contact us if you have questions or comments regarding this information or any other e-Li material.

Sincerely,

The University of Tennessee

## Storage and Disposition of Records

**Reference Number:** CTAS-678

A large number of records are required to be maintained by the county clerk. Storage problems usually occur which require the county clerk to seek a method to dispose of old and obsolete records. Since many of the records maintained by the county clerk are historically significant, great care must be taken in the storage and/or disposition of old or less frequently utilized records.

Recognizing the problems that counties encounter with records disposition, the General Assembly created a statutory framework for the storage or disposition of county records T.C.A. § 10-7-401 *et seq.* Each county is required to establish a County Public Records Commission to oversee the storage or disposal process. The county clerk serves as a member of the Commission. T.C.A. § 10-7-401. Original permanent records which have been reproduced or microfilmed cannot be legally destroyed without approval of the Commission. T.C.A. § 10-7-404. See [Retention Schedules for county clerks](#).
